(Leader's Note: It is not required that your group answers all the questions. Select a subset of questions from each section as the Spirit leads you and your group discussion.)

Bid Idea: Gospel mission with my life is fueled by gospel truth about my life.

How do you stay focused and committed to the Gospel mission?

You and I are blocks for the new building. (4-8)

What does it do to/for you knowing you are part of something bigger than you?

Why did God choose to use his followers as such an integral part of his building plan?

Do you ever feel you are walking this spiritual journey alone? How can you combat that lie?

You and I are individuals for the new identity. (8-9)

Why is it so important to understand your identity in Christ and in His gospel mission?

What events or circumstances in your past and/or present prevent you from living up to your identity in Christ?

Which things in your past and/or present help you live up to your identity in Christ?

Which aspect of this new identity can you relate to the most/least...hand-picked sinner, qualified worshipper, separated civilian, transferred saint?

You and I are billboards for the new blockbuster. (9-10)

How are you pointing people to the work and gospel of Jesus Christ?

What can you do more/less/differently to bring Jesus to those who need him most?

What is standing in your way from being a more fruitful disciple who makes disciples?

Learning to Live (Application):

What is new in your life with Jesus?

Who or what competes for your trust and hope?

Who needs to hear about and see the new blockbuster?
